

## Salesforce Administrator

### The Company

Smart software for creative people.

There are three things that make The Foundry unique:

1. Our forward-thinking approach to making creative software
2. The people that drive it
3. Meaningful relationships with our customers

Our software solutions are anything but ordinary. The workflows they create serve multiple industries and generally make doing creative things a walk in the park.

We know that tools in VFX are also relevant to designers and vice versa. It's that understanding that helps us to develop flexible, open products that solve problems.

The portfolio is as creative as it is technical, packed full of ground-breaking award-winning techy goodness that will have even the most demanding organization or one-man-show salivating.

We are a little bit proud of what we achieve at The Foundry and want to take you on our journey with us.

### The Role

You will join our Business Systems team and have responsibility as part of the team for assisting with the development and support of the Salesforce CRM System.

Reporting to Business Systems Manager, you will work closely with him and the rest of the team in an open and transparent way by providing regular updates on progress and be responsible for the timely delivery of work.

The Business Systems Team at The Foundry is primarily responsible for developing and supporting the company's CRM and how it connects to the sales and support databases, the marketing lead nurturing system (Eloqua) and the finance team's accounts package (SAP Business One).

# Salesforce Administrator

## More About Us.

The Foundry, established in 1996, is renowned for our solutions, our customer-centric focus and our collaborative approach to development. The Foundry, with more than 270 employees worldwide, is led by CEO Bill Collis and is backed by HgCapital.

The Foundry develops award-winning software used globally by creative professionals. The portfolio lets users create inspiring and technical high-end visuals in the areas of Media Production (film, commercial, episodic, gaming), and Design, as well as participate in emerging high-growth markets such as Virtual/Augmented Reality and 3D printing.

We develop solutions and grow our market through a combination of build, buy, partner. Our R&D team has created a number of award-winning solutions. Also, we've participated in

# Salesforce Administrator

numerous funded projects, both from the UK, as well as the European Union, that sees us work with leaders across industry to develop offerings. In some cases, we've worked customers to help develop a specific solution and then commercialize the solution for broader market adoption. Finally, we merged with Luxology, the creators of MODO in 2012 and in 2014, acquired Made With Mischief.
